

YOUR COMPANY HAS BEEN SELECTED

Step into CRCL PARK with your Dutch-market question.

— Dutch-Slovenian Circular & Sustainable Construction Summit

20-30

€1,500

Up to 40h

SPS support

Slovenian companies

per company

consultancy included

available

Organised by SDBP with SPIRIT Slovenia.

Amsterdam · Marineterrein · CRCL PARK · 13-15 October 2026

Not a ticket. A pathway.

You arrive with a real Dutch-market question. That question shapes your preparation, your time in and around CRCL PARK, and the work that follows.

BEFORE

Frame the question

Make your objectives, challenges, possible partners and Dutch-market assumptions explicit.

DURING

Enter the ecosystem

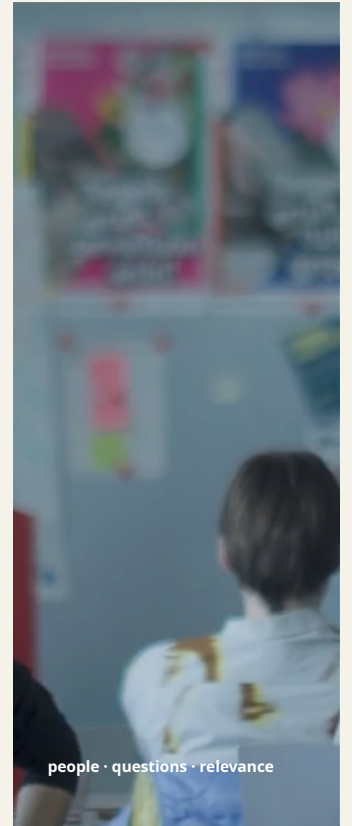

Work inside CRCL PARK and the wider Dutch ecosystem, with relevant people, expertise and market encounters shaped around the cohort and its questions.

AFTER

Keep it moving

Use consultancy and follow-up to turn the conversations that matter into concrete next steps.

The fee buys the pathway. The real value is what it may unlock: a partner, a pilot, a customer, a clearer decision, or a faster route into the Dutch market.

UP TO 40 HOURS

of company-specific Dutch-market consultancy

included in the €1,500 participation fee.

Built around your company.

- **Prepare your company for the Dutch market**

Work on your proposition, presentation and key messages so relevant Dutch organisations can quickly understand what you offer and why it may matter.

- **Know which Dutch actors matter to your question**

Use company-specific research and actor mapping to identify relevant companies, institutions and market actors around your proposition and objectives.

- **Open useful conversations**

Get support preparing for contact with relevant Dutch organisations and, where useful and appropriate, arranging introductions or meetings.

- **Position your offer in the Dutch context**

Work on how your products or services connect to the questions, needs and opportunities encountered in the Dutch market.

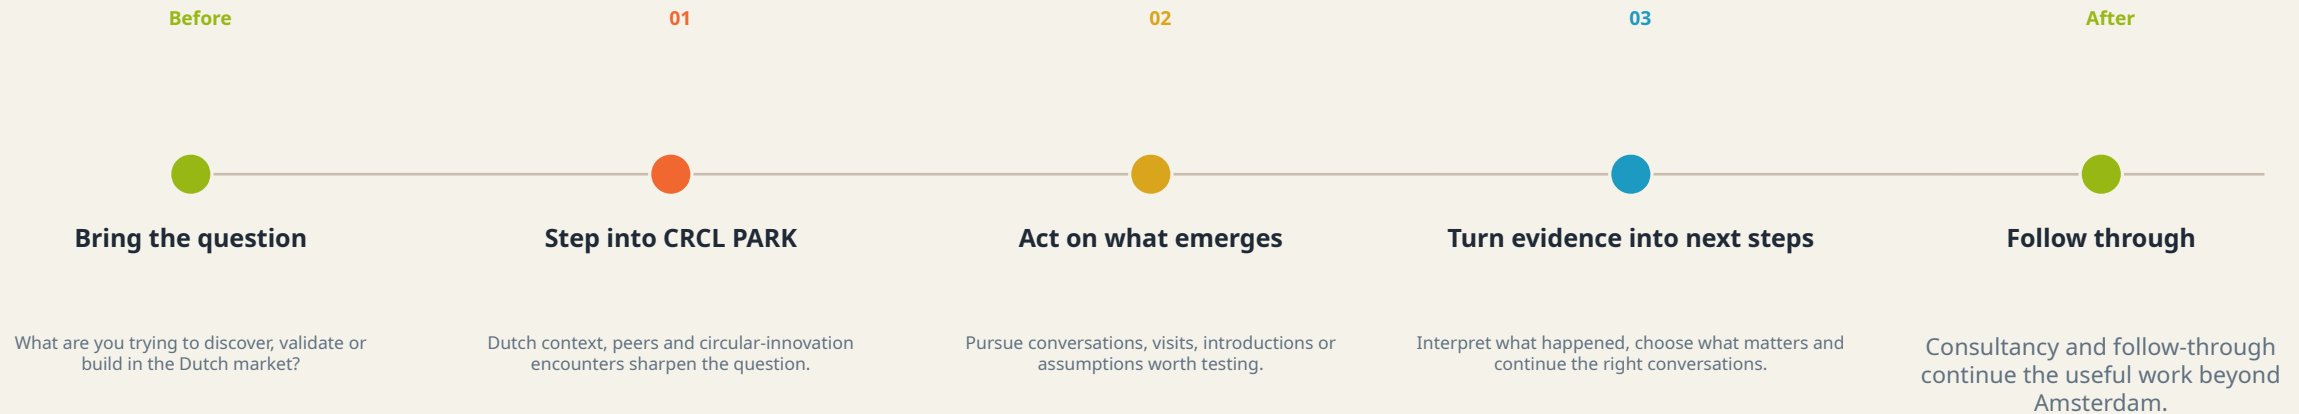

- **Leave with a clearer market picture and next steps**

Use company-specific market intelligence and documented follow-up to identify which contacts, assumptions and opportunities are worth pursuing further.

Your question moves through the process.

Each stage is designed to sharpen, test and advance your Dutch-market question.

Prepared enough to be relevant. Open enough for emergence.

04 · CRCL PARK / DUTCH ECOSYSTEM

Step inside the transition.

CRCL PARK brings together entrepreneurs, researchers, policymakers and residents to test, learn and scale solutions that make the circular city real.

TEST

LEARN

CONNECT

SCALE

By connecting knowledge, policy and practical innovation, CRCL PARK turns ideas into examples others can build on.

Inside that environment

You spend two of the three days in and around CRCL PARK. Between them, Day 2 takes your company into the wider Dutch ecosystem to pursue the conversations, visits, introductions or opportunities that become relevant.

Prepared openings. Emergent opportunities.

Impact Hub Amsterdam co-designs the programme experience and helps make the CRCL PARK / Dutch ecosystem relevant, connected and navigable for the participating cohort. Organised by SDBP. Holland Circular Hotspot supports curation; RVO supports Dutch-side reach; SPIRIT Slovenia is co-organiser.

Launch video

Join a selected group of 20–30 Slovenian companies at CRCL PARK.

13–15 October 2026 · Amsterdam · CRCL PARK
Three days to work on your Dutch-market question inside and around Amsterdam's circular construction ecosystem.

€1,500

per company · one representative included

Travel and accommodation are arranged separately.

SPS support available

As SPIRIT Slovenia is co-organiser, eligible Slovenian SMEs can apply for SPS support for eligible costs related to the summit, including participation, travel and accommodation. Eligibility and reimbursement are subject to the official SPS rules.

Ready to join?

1 Tell us about your company

Send your company name, representative, sector focus and the Dutch-market question or opportunity you want to work on.

2 Secure your place

SDBP confirms availability and issues the participation invoice. Your place is secured once payment is received.

3 Get ready for Amsterdam

On 14 September 2026, SDBP confirms whether the 20-company activation threshold has been reached. If the summit does not activate, the participation fee is refunded in full. Once confirmed, participants can book travel and accommodation and final programme preparation begins around the confirmed cohort.

Request your place: info@sdbp.eu

20 paid company commitments activate the summit · maximum cohort 30

After activation is confirmed, participation fees are non-refundable. If necessary, the company may substitute its named representative.
